Ingredients which reduce sensitivity and soothe the skin.

Coneflower, Oat Extract

Antibacterial ingredients that help in the treatment of acne

Sulfate, Sulfur, Balm Mint and Rosemary Extract

A polyphenol extract that acts as a cellular messenger to stimulate collagen biosynthesis.

Palmitoyl Tetrapeptide-7: A synthetic peptide complex that acts as a substitute messenger to stimulate collagen and hyaluronic acid. It also increases skin elasticity and firmness.

Magnesium Ascorbyl Phosphate: A non-acidic skin conditioner which is not only a powerful antioxidant being effective in reducing inflammation and hyper-pigmentation.

Green Tea, Panthenol (Vitamin B5), Camphor, Green Tea Extract, Salicylic Acid, Bismuth Oxychloride, Licorice, Panthenol (Vitamin B5), Calendula Officinalis Flower Extract (Calendula), Gluconolactone, Benzoyl Peroxide, Tea Tree Oil, Zinc Gluconate, Magnesium Ascorbyl Phosphate, Tocopheryl Acetate (Vitamin E), Magnesium Ascorbyl Phosphate, Palmitoyl Pentapeptide-3 and Olgiapentapeptide:

Tocopheryl Acetate (Vitamin E): A powerful antioxidant which protects against free oxygen species (reactive oxygen species), fatty acid oxidation at skin surface and UV-induced skin damage.

Magnesium Ascorbyl Phosphate: A non-acidic skin conditioner which is not only a powerful antioxidant being effective in reducing inflammation and hyper-pigmentation.

Green Tea, Panthenol (Vitamin B5), Camphor, Green Tea Extract, Salicylic Acid, Bismuth Oxychloride, Licorice, Panthenol (Vitamin B5), Calendula Officinalis Flower Extract (Calendula), Gluconolactone, Benzoyl Peroxide, Tea Tree Oil, Zinc Gluconate, Magnesium Ascorbyl Phosphate, Tocopheryl Acetate (Vitamin E), Magnesium Ascorbyl Phosphate, Palmitoyl Pentapeptide-3 and Olgiapentapeptide:

Tocopheryl Acetate (Vitamin E): A powerful antioxidant which protects against free oxygen species (reactive oxygen species), fatty acid oxidation at skin surface and UV-induced skin damage.

Magnesium Ascorbyl Phosphate: A non-acidic skin conditioner which is not only a powerful antioxidant being effective in reducing inflammation and hyper-pigmentation.
